Vagina: Una Nueva Biografía de La Sexualidad Femenina Dr Naomi Wolf

Urging us to change the way we think about female sexuality, this book is a fascinating investigation into the cutting edge of science that immerses us on the author's path as well as provides a historical review. With an intelligent perspective, the book urges readers to rethink our understanding of women. According to author Naomi Wolf, the vagina is an intrinsic component of a woman's brain, possessing an essential connection with feminism. The author explains the organ's role when it comes to love, sexuality, spirituality, society, and politics. "Vagina" is both provocative and enjoyable, and, without a doubt, destined to become considered a science classic."
